sabis student life organization™

Established in 1886, the SABIS® School Network, with its long-standing reputation and commitment to providing high-quality education, acts as a valuable resource for schools signing a complete management agreement for the SABIS® Edge. In addition to the opportunity to draw on the expertise of veteran educators with collective experience spanning over a century, networking advantages in the SABIS® worldwide network include:

- Participation in annual regional and international conferences
- Regular visits from experienced teams of education and business professionals
- Access to SABIS® Careers: a careers website facilitating worldwide recruiting
- Use of MySABIS® an all-inclusive, web-based job management site
- Networking opportunities with other SABIS® member schools

"SABIS® makes good on the promise of public education, which is to effectively educate every child. The SABIS® educational experience is a creative and innovative approach that helps all students gain academic and character proficiency. As a parent, policy maker and taxpayer, I'm excited that the SABIS® Educational System is an option for parents who desperately crave academic success for their children."

Henry M. Thomas III – President/CEO
Urban League of Springfield, Inc.

Emphasizing the acquisition of "life skills" through real-life experiences, the SABIS® Student Life Organization™ is an integral part of the schools implementing the complete management agreement. Students at all grade levels benefit from participation in Student Life, a parallel, student-run administration providing a tangible context for comprehensive self-development.

Through Student Life, students:

- Learn to promote high social, ethical, and moral values
- Become active and constructive members of a community
- Develop academic, managerial, organizational, and leadership skills
- Acquire and refine the attitudes and attributes that give them an edge in college and throughout life
- Form circles of lasting friendship
- Get involved in a variety of student-led activities

"This school has allowed me to break down stereotypes. Being Deputy Head of Academics has helped me form a positive attitude towards learning. The most reason I love this school is because it does not allow anyone to be left behind. You are a student of achievers."

A SABIS® Student

the sabis edge

SABIS®'s commitment to providing students with a high-quality education can be measured over the 116+ years of development and refinement of its curriculum, a curriculum supported by time-tested methods and emphasizing a well-balanced body of knowledge, skills, and experiences. Some features of the SABIS® Edge include:

- Tools and methodologies to support effective student placement
- Well-structured curriculum
- SABIS® books, in core subjects, designed to distill precisely what the curriculum
- Proven instructional methods
- Timely tracking of student performance through regular assessment

The dynamic and progressive SABIS® Edge helps create an educational environment of accountability, helps challenge the boundaries of individual student potential, and establishes a lifelong interest in learning.

complete management

Schools implementing the SABIS® Edge under a complete management agreement benefit from the ongoing support of a wide range of educational products and services. Included is an array of all-inclusive products and services designed for the management of Pre-K and K-12 schools including:

- Complete curriculum aligned with state requirements
- Software systems to enhance efficiency and improve standards
- On-going academic quality control through computerized academic monitoring (AMS) and automatically generated reports
- Concepts-targeted, well-researched books that support the SABIS® program
- Recruitment, training, and supervision of staff
- Cutting-edge research and development methods designed to optimize results
- Extensive business management services
- And much more...

The SABIS® Education has given my children an opportunity to critical thinking, personal responsibility, and the ability to grow academically. My children will use these skills for the rest of their lives.

A SABIS® parent

With its track record, SABIS® has demonstrated a viable solution for K-12 education.

licensing options

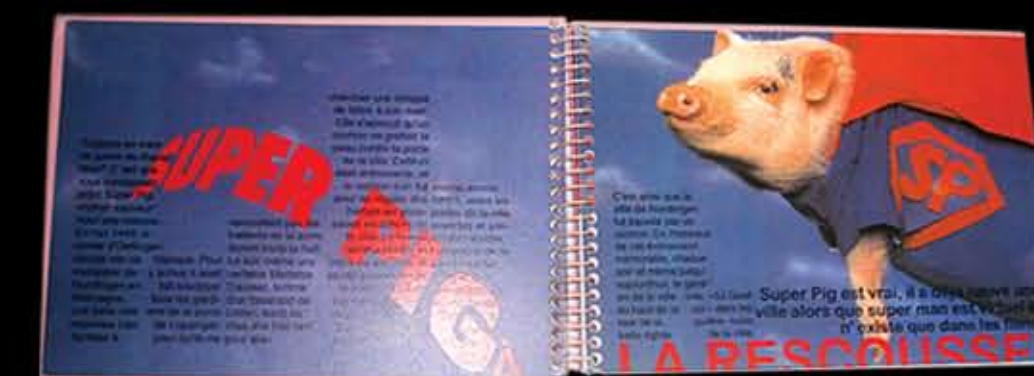

Existing schools looking to enhance their academic or operational standards can contrast with SABIS® for the implementation of a range of academic products. The SABIS® Edge is an education program which includes the **SABIS® Educational Book Series**, and the **SABIS® curriculum** with corresponding pacing charts and books, and computerized exam correction and reporting systems.

The SABIS® Edge can be licensed as a whole - school solution or as individual components. Some 900 titles in a variety of core subjects comprise the SABIS® Educational Book Series, which is also available for licensing by subject or as a complete package. Licensing of the **SABIS® Teacher Recruitment and Training Services**, acting as an important resource for the selection and training of staff is also available.

work for students is already
there - training books, exams. It's
so brilliant! I can't say I'm not learning
and working my students hard.
- SABIS® Teacher

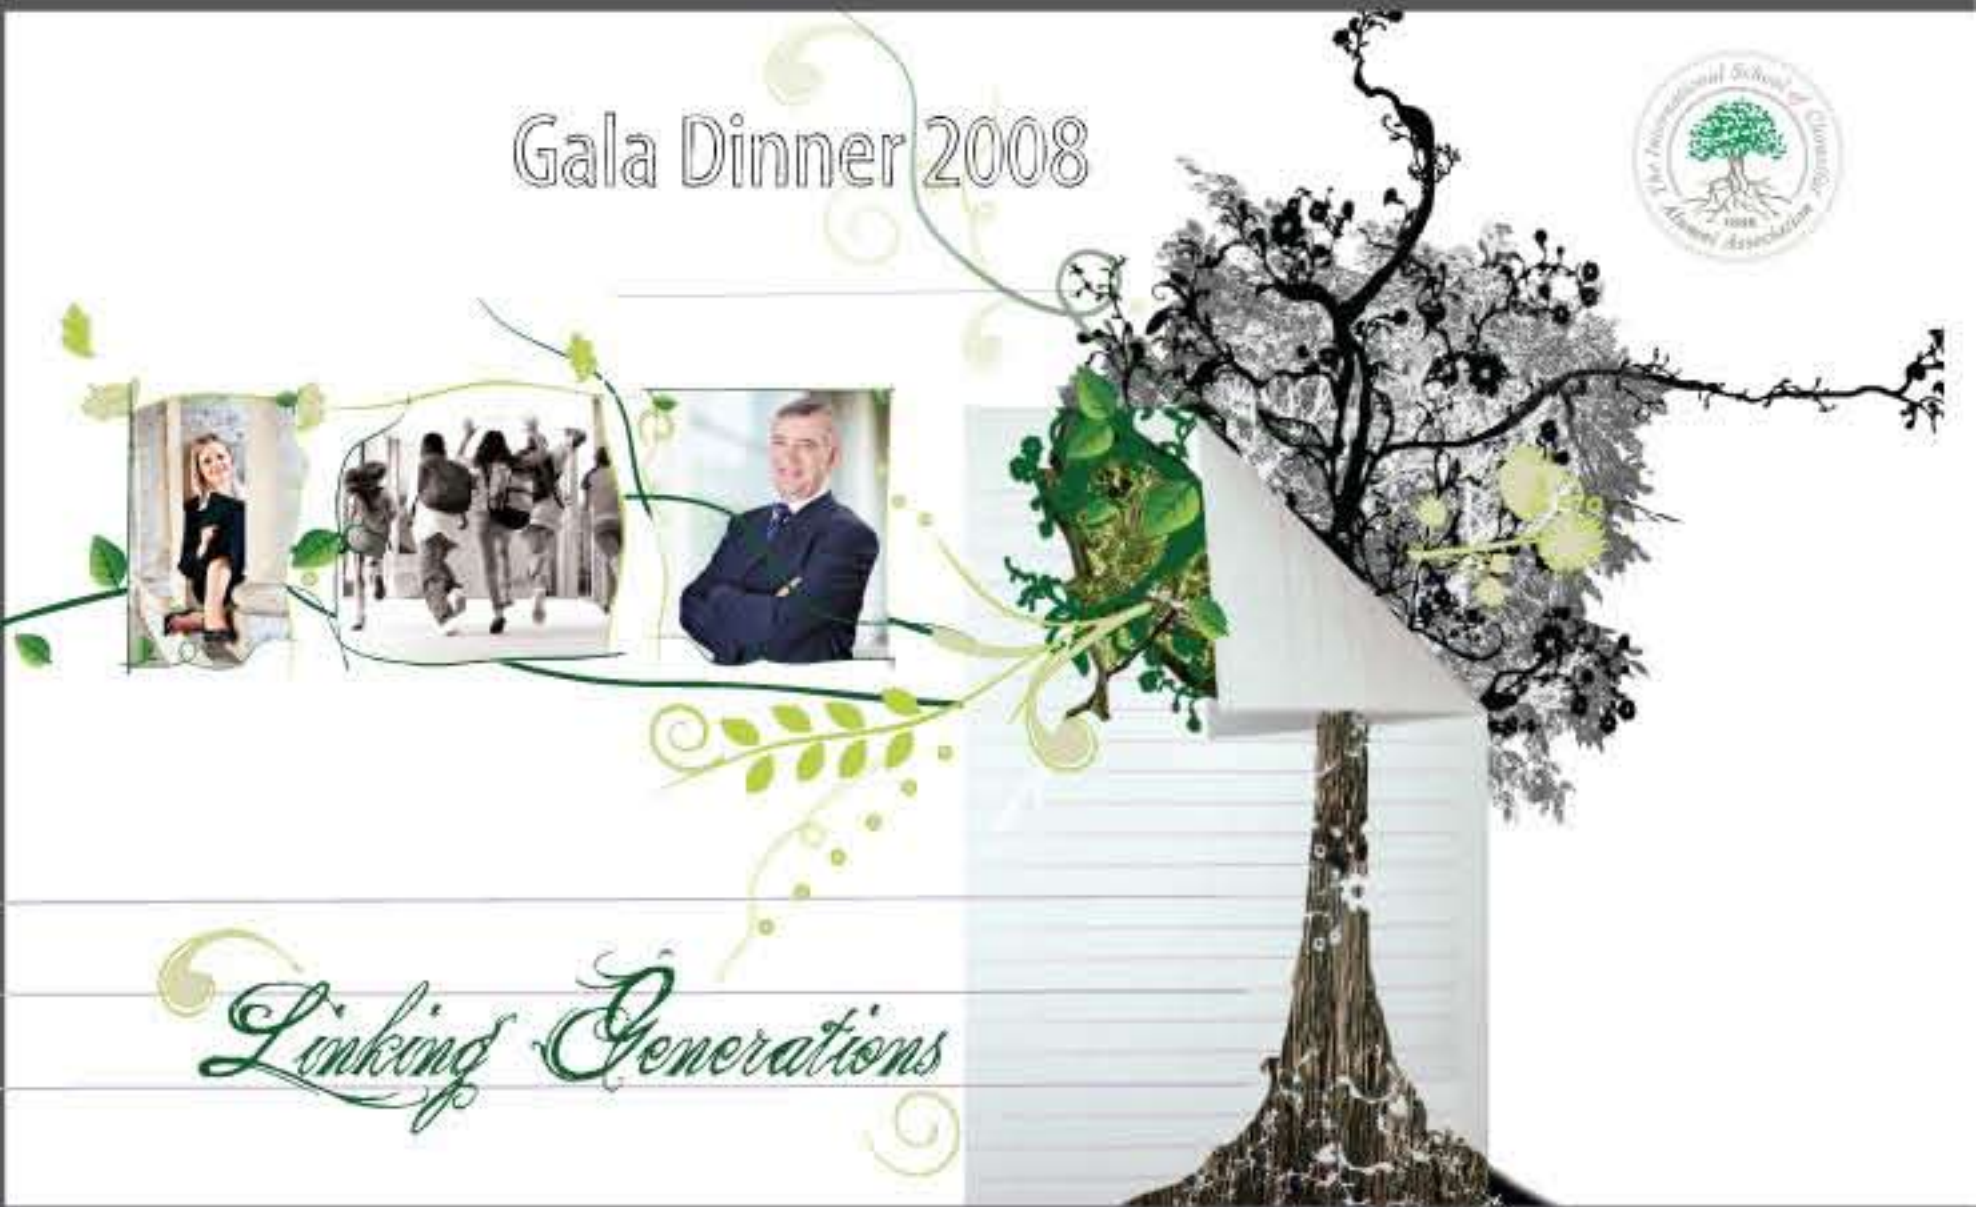

When SABIS® took over here in 1998, we were the second lowest
performing school in the city. Now, we are the highest performing school
in the city, and 100% of our graduates are admitted to college. We are very
proud of our students' achievements.

Option Symbolic and Elegant:

Established in 1958, SABIS has strong roots symbolized by the tree which preserves its roots from one page to another. Concurrently, its branches keep growing and spreading as we move forward to the future. Behind the notebook page, the black and white connote the past, whereas the various colors connote modernity. While turning the pages, one notices that new students join SABIS. Generations of students are linked together through SABIS School. Old and new students have the opportunity to keep in touch and reunite through the Alumni, having SABIS School in common. SABIS runs in their blood and links generations together.

History of the Alumni Association

MEDGULF 

*Association of Former
Choueifat Students*

The first alumni association was established in the 1940's by a group of former students under the name of "Association of Former Choueifat Students". Mr. Raef Abillamah was its first president, followed by Mr. Fouad Zacca and then Mr. Victor Aramouni.

In the year 2001, a founding committee of alumni revived the association after a long period of interruption. Upon the official government permission in March 2004, "The Alumni Association of the International School of Choueifat" was established, and the committee elected Dr. Samir Alam, Head of the Cardiology Department at AUH, to be its first president. The first Alumni Association Board consisted of the following members:

President:	Dr. Samir Alam
Vice President:	Mr. Victor Saad
Secretary:	Mr. Ibrahim Khoury
Treasurer:	Mr. Ricardo Hosri
Financial Controller:	Mr. Mahmoud Matar
